*WELCOME
BACK*

Lisa Rondeau, Elise Zarcaro, Dan Murphy, Brian Lowe, Lea Freshette, Melanie Gesswin and Jordan Liddell.

Gonzalo Carrera

My name is Gonzalo Carrera. I live in Puebla. It is a big city in the middle of Mexico. When my parents asked me where did I want to go, I decided here. I have been here a lot of times in the U.S.A. and the people are always very nice. Everybody has treated me really good and are very friendly. I enjoyed this year. I love meeting new people and making new friends. This is supposed to be the best experience in your life and I think it is really the best. Thank you for making me feel like I am home.

CULTURE SHOCK

This year at Fermi, we had three exchange students from three different countries, Mexico, Japan, and Germany. They spent the whole year here studying our culture and learning about our country.

Risa Miyara

Hi. My name is Lisa Miyara and I live in the Southern part of Japan. I enjoy playing basketball very much. I belong to YFU which is the organization for studying abroad. YFU has some trips for exchange students. We went to Niagara Falls three months ago and this year we will also travel to New York, Washington and Pennsylvania. I think these trips are very good because it's a good experience for those who have never been there. When I came here to Connecticut, I was surprised at so many trees because we don't have a lot of trees on my island. My island is more like a city so I felt different. When I go back to Japan, I will have two more years in high school. After I graduate I would like to go to a University, but I do not know what I would like to be. I hope I will have a good time here. Thank you.

My name is Lars Polke and I'm a foreign exchange student from Germany. I live in a city called Hamburg which is in the northern part close to the ocean. In my spare time I like to do sports like soccer, skateboarding or just hanging out with friends. I like being an exchange student because I can experience what is it like to live on my own without my family around all the time. It's also interesting to get to know a different culture and meet new people. I like going to Fermi because the teachers and students have good relationships with each other and the people are friendly. When I came to America I was quite shocked because everything was different from how I used to live but by the time it got easier. When I go back to Germany I will finish school there and maybe go to University later but first I will take a long vacation with my family and friends.

Mark Twain once said, "Twenty years from now you will be more disappointed by the things you didn't do than by the things you did. So throw off the bowlines sail away from the safe harbor, catch the trade winds in your sail. Explore. Dream. Discover." In Enrico Fermi High School, we have been taught many things. We have learned all different types of Math, English, Science and all sorts of subjects for the skills we need in life. One skill however, came to us in disguise. It was taught by our experiences that we may have had by our best friends, our enemies, our teachers, and our role models. Every day at Fermi we face an opportunity to do something. Whether it may be unordinary, an everyday task, or even a step towards your dream, it comes to us. It's your choice whether you're going to take the chance and see what happens. What could go wrong? Everyday you should live up to your own potential, or even better. Strive for more. If you live your life in a challenge, you may be disappointed with the results, but living up to your dreams is just enough of an award for yourself. An important key to this is to never give up, and be the best you can be. Never dwell on the past, or mistakes you may have made, but think about tomorrow. Every single day is a new beginning. Never forget the relationships and the memories we have made throughout our four years at Fermi, for they are what has made you what you are today. My further advice to you would be live every day, as it were your last. I wish the best of your future, so good luck and congratulations Class of 2007!

ADMINISTRATION

To the Class of 2007:

I am sure for most of you it seems like only yesterday that you entered Enrico Fermi High School as ninth graders. I remember watching you come into the auditorium for orientation. Your minds were filled with so many questions and thoughts, although most of you were afraid to ask them. You were unsure about what you would experience over the next four years of your lives. The one thing that I was sure of was that each of you brought your own unique talents, ideas, and ambitions. You never heard the words, "Responsible Citizens - Lifelong Learners" but now, four years later, that is precisely what you have become. Now, as you get ready to take those final strides toward the door, you depart being much more wiser, more confident, and better prepared to take on the demands of the world that awaits you outside of Fermi and Enfield. We have seen your talents blossom in the classrooms, in theatrical and musical productions, and on the athletic fields. You have blended together as a group of mature young adults with a very strong and positive identity. You are the Class of 2007. You are poised and ready to face all of the challenges that the world outside of Fermi has to offer. As you get ready to move forward, I ask that you take time for one last glance over your shoulder to reflect on your time here at Fermi. I sincerely hope that these four years were the best four years of your lives. I wish you all the best in everything that you do. More than anything else, remember that you will always be part of our Enrico Fermi High School family and you will always have a welcome spot in our halls and our hearts. Good luck to each and every one of you!

Sincerely,

Paul Newton

**On behalf of the yearbook staff, we
would like to congratulate you on
receiving the honor of being
Connecticut's Principal of the Year!**

Mr. Brien Brown 2nd Floor Vice Principal

Dear Class of 2007,

The American clergyman, Edward Malloy once wrote that an education "is not a sign that one is a finished product but an indication a person is prepared for life." You are not yet the people you will become. You are prepared to begin the work of becoming that person.

During the four years that it has been my pleasure to know you, you have impressed me time and time again. I know that you are prepared for the great work that is life.

The English philosopher, Herbert Spencer wrote, "The great aim of education is not knowledge but action." Get out and do something. Make a difference; in the school you attend, in the career you select, in the life of a child.

One last quote, Pete Seeger, the American musician said, "Education is when you read the fine print. Experience is what you get if you don't." The choice is yours. You will have the opportunity to plan ahead and exercise some control over the events you experience.

May God bless each and every one of you,

YEARBOOK CLUB

This year the yearbook was taken to the next level. We had a new company, new software and access to better technology. We are extremely proud of everyone's hard work and dedication while working toward our common goal. First and foremost we would like to thank Mrs. Joeckel for her time commitment and support. Without her work ethic and use of her classroom, this yearbook would have never come together. We would also like to thank Mr. Reveruzzi for his second opinions, technological assistance and his comic relief. Our final thanks goes out to everybody who has donated their time and effort to the completion of this book. We hope that this yearbook has lived up to and surpassed everybody's expectations. Congratulations to the Class of 2007 and we wish you good luck in all of your future endeavors.

We had a small but talented and hardworking team this year. In between consuming large amounts of Vault, forming our own tribe, and serenading Sully, we trained incredibly hard to finish the season third in the CCC East. We are really proud of Erica Hines and the rest of the team for everything they have accomplished this season. Good luck to next year's team and remember to have FUN!

We had a great season this year with a 17-10 record. This was one of our re-building years with a lot of young talent. We had four people place in the class L tournament, and one person place 3rd in the state opens. Even though the team is losing four great seniors, the team is expected to do great next year. The senior captains would like to say good luck next year and thank you for a great year!

Congratulations on a great season! Even though we were a small team, we carried a big kick. The major season highlights include having the entire team qualify for class LL state trials & finals, senior captain Kevin McKeown breaking 5 individual records and finishing the season as a double state class LL champion in both the 200 yd IM and 100 yd Breaststroke. He placed 7th in the 200 IM at the state open meet and 2nd in the 100 yd Breaststroke at opens.

All of the swimmers worked extremely hard this season and it showed. Thank you for putting in such a great effort and good luck to Kevin & Jared next year - you will be missed!

Great Season

"We had a good season even though our record doesn't show it. We put in a lot of hard work and in turn have a ton of good memories. We had a lot of fun and wish the team the best of luck in future years."

From the Seniors of 2007: Adam, Andrew, Anthony, Peter, and Bubz.

Peter Peluso puts forth a real effort to defend the basket.

This season in indoor track there was a huge change, we had a new coach. It was her first time coaching and we could tell she was nervous, but with the help of our leadership and the assistant coaching staff, consisting of Coach O'Connell and Coach Sullivan, she made it through with flying colors. This season we had multiple records broken, no thanks to the weather and sicknesses. We achieved the majority of the goals that we had set this season. This was the toughest season we've ever had, but we've overcome it and used it as training for an incredible outdoor season. We'd like to thank all the coaches for an exceptional season and good luck to all the underclassmen.

The seniors would like to congratulate the 2006-2007 Fermi Ice Hockey team on a great season this year. We had a winning record this season, a 5-0 record in the CCC East conference, capturing the title, and were able to make it to the State Tournament. Unfortunately we lost in the first round, but we made the most of it. We would like to say thank you for a great senior year and best of luck to you guys next year. THROW IT UP!

E DUCATION FOR *E*CUADOR

This year, the International Club sponsored a fundraiser for children in Tonsupa, Ecuador. This opportunity was brought to us by Mr. Duffy, whose daughter Erin is staying in Ecuador and alerted us of their need for basic materials to further their education. The children at the school where Erin teaches actually helped build their three-room school house out of bamboo. One day, the whole class walked to a farm forty-five minutes away, chopped down the bamboo, and carried it back to the school in order to put up the walls of their building. To help these amazing children, the International Club held a week long fund-drive in the cafeteria, math classes and foreign language classes, held a dress-down day for the cause, and teamed up with the National Honor Society for a Galactic Bowling Night Fundraiser. Thanks to the Fermi community, we were able to donate \$1206.70 to the charity organization FEVI: the Fund for Intercultural Education and Volunteer Service. Many thanks go to Mrs. Fay, all the foreign language teachers, all the math teachers, the National Honor Society, members of the International Club, Mr. Duffy and Erin Duffy, and all of the students and faculty at Fermi for giving these children a better future!

It has been a joy watching you grow from the cutest little girl to a beautiful young woman. Always follow your dreams, work hard, play harder, and never forget to live in the moment, laugh often, and love with all your heart. Most importantly, keep that sweet smile of yours and you can obtain all your dreams!

All our Love,
Paula, Dave, Scott & Aimee

"You have a smile so bright, you should have been a candle"

Congrats Peanut! You have completed your first journey of life showing the wisdom, courage, and determination that is sure to get you far. We knew how very special you were the day you were born but you exceeded all expectations by becoming the loving, compassionate and wonderful young woman you are!
